

iTTTi Vancouver Attendance Policy COVID 19 Addendum

During the current pandemic of COVID 19 iTTTi Vancouver will be temporarily adjusting the attendance policy. This applies to current and any future health threats on the campus:

Effective Immediately

All staff have been trained in identifying symptoms of COVID 19.

Students are screened on arrival at the campus, temperature and welfare check.

If the staff are concerned that the student is displaying respiratory illness symptoms and/or fever, the student will be separated from others and any area where they have been will be sanitized. They will be counseled in a separate room and we will assist with calling 811 and follow the directive of the health authority. If the student is required to return home, we will assist with transportation and guidance on how to self isolate/ where to get a COVID-19 test

A student that is self-isolating will not be allowed back onto campus until they have provided proof of a negative COVID-19 test result, or 14 days have passed.

There will be academic concessions made for students needing to self isolate/quarantine. We will work with the student to make sure they can complete their program.
