This means that you must stay on your own in your room for 14 days and avoid contact with others. Your quarantine site will provide you with food, clean linens every couple of days, a comfortable room, and Wi-Fi.

This means:

- Stay in your own room as much as possible and away from others. Do not leave your quarantine room unless there is a medical emergency.
- Keep your room well-ventilated and clean – open your window to let the air circulate.
- Practice good hygiene
 - Wash your hands frequently with plain soap and water for at least 20 seconds.
 - Cover your mouth and nose with your elbow when coughing or sneezing, or use a tissue. Avoid coughing into either your hands or into the air. Dispose of used tissues right away into a trash bin and immediately wash your hands.
 - Flush the toilet with the lid down.
 - Package up your garbage – empty garbage frequently and wash your hands immediately.
 - Refer to the COVID-19 laundry policy at your quarantine site for having your clothes washed.
- Stay connected to friends and family via text, email, facetime, etc. You will also be connected to an iTTTi Vancouver school counselor.
- Monitor your physical and mental well-being. If you are not feeling well, use the Government of Canada's COVID-19 self-assessment tool to help determine if you need further assessment or testing. Contact your host school and quarantine provider immediately if you feel sick.
 - Access the Thrive Health [COVID-19 Self-Assessment Tool](#)
 - If you cannot use the online tool, call 8-1-1
